

ITR[®]
BREAKERS
MONOBLACK

The **silent** hydraulic breakers with **simple and fast maintenance** that ensures **savings over time**

HYDRAULIC BREAKERS

FOR EXCAVATORS FROM 0.7 TO 14 TON

Very quiet thanks to the polyurethane coating

Quick and easy maintenance thanks to the monobloc steel body without tie rods

The monobloc structure and the increased hydraulic brake significantly reduce the risk of breakage and maintenance costs, allowing the total cost of ownership to be reduced
